Mike Hofacre called the meeting to order 12:40 pm
Treasurers Report Chip Buss: The Club We are still solvent. Finances are good

## New Business

Frank Plexico – Field Report – We have a chance to get 4 pieces of equipment for the field. A riding mower( does not run) a trimmer( (a big hedge trimmer on wheels) a cutter(gas powered weed eater on wheels) and a big vacuum(gas powered on wheels). Frank's brother is moving and needs to get rid of them. We can use trimmer and cutter. All we need is a place to store them.
Chip Buss – EAD – Chip with Aric talked to the Novato Fire Department about getting a AED. The Fire Department loaned us a AED with maintenance included. We need to get about 6 people to be trained on using it so we somebody to take it to the field every Thursday. It will be in 1 month increments.
Ed Hamler – SAM Champs and Crash & Bash – The SAM Champs this year will be in Woodland, CA. in September. Also there will be no Crash & Bash this year.

## Old Business

Mike Hofacre – Garbage on the Field – How to clean up. The county will not deal with it because it is on private property off a private road. We have 3 estimates for removing the garbage. They range from $500 to $1200. It was approved to get it removed. We would be ahead compared to renting the field.
