17 Members present

Chip Buss called the meeting to order 12:30 pm

New Business

Chip Buss – Treasurer's Report – We are solvent.
Mike Clancy – Dues – Since our reserves are getting lower Mike recommended a dues increase or a one-time assessment.
Chip Buss – BBQ – Since our Fun Fly / BBQ went so well he recommended we have more next year. Possibly three (1 every quarter)
Mike Clancy –Contest Director – We have a new CD. Stewart Saunders
Stewart Saunders – Should we have our AED available at all our events? And should we have a better First Aid procedure. Jim Wiseman had a very good First aid kit and a good procedure at the Bakersfield contest. It had an ice chest with ice and baggies to put a severed finger in and directions to the field if you needed to call 911. Another question that was mentioned. How to use an AED when the patient has a Pace Maker.
Stewart Saunders – Bakersfield Contest – 4 of us went. It was a long drive but worth it. Had good tables with shade. The thermals were good at times it was hard to get the planes down. E Texaco was won with a time of 75 minutes.
Mike Clancy – SAM Annual Meeting – This will be a ZOOM Meeting everyone is invited. Where the 2026 SAM Champs will be held will be decided. It is going to held on the west coast. President Dave wants to have it at the Schmidt Ranch. Ed Hamler would like it be Combined with the Crash and Bash. This would be the 50th C&B.
Chip Buss Club Officers – We will be looking for all new club Officers in January. Seeking volunteers.

Meeting adjourned at 1:10
