

ALES in Wonderland

This is your invitation to the Sacramento Valley Soaring Society's first ALES Altitude Limited Electric Soaring event October 22nd, 2011

The goal is to provide a Man-on-Man electric launched thermal duration soaring event with a consistent launch altitude for all competitors.

This contest is open to anyone with current AMA membership and to all electric sailplanes with a limiter. Each flight will be judged based on a precise flight time and spot landing following a preset 30 second motor run or attaining a 200 meter attitude. Best time in each flight group will receive 1000 points with the other pilots' scores calculated as a percentage of that time. Landing points will be based on a 25 foot, 100 point tape.

A barbeque lunch will be available with R.S.V.P for \$5.

Pilot's Meeting 9:30am, First Flight 10am
SVSS flying field, Grasslands Regional Park, Davis, CA.
3.8 miles south of I-80 on Mace Blvd.
